

BugDorm-6M620 Insect Cage [BD6M620]

MegaView Science Co., Ltd.

<https://shop.bugdorm.com> · <https://megaview.com.tw>

Package Contents

- x1 Fabric Cage Body
- x16 Rods
- x4 Two-way Joints
- x8 Three-way Joints

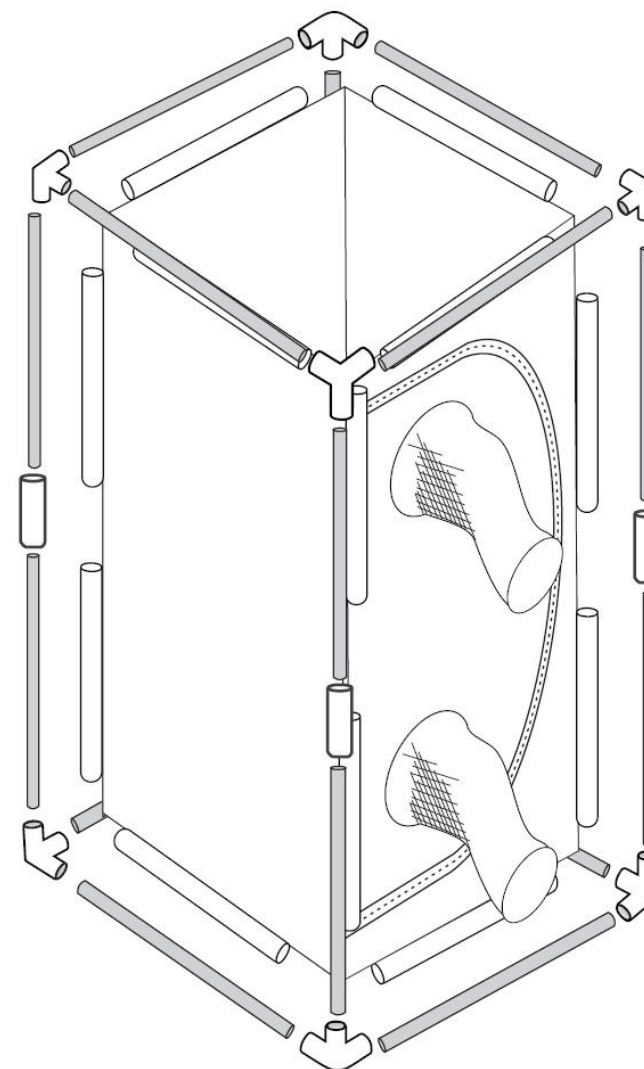

Assembly

1. Use four two-way joints to connect eight rods into four long rods.
2. Thread one long rod from Step 1 into the two sleeves on each of the four long sides of the cage.
3. Thread the remaining eight rods into the short sleeves of the cage.
4. Connect rods with three-way joints.

Caution

- * Operating Temperature: -10 to 60°C
- * The soft plastic floor is not waterproof.
- * Cage fabric is not UV treated. Avoid long-term exposure to direct sunlight.
- * Cage fabric may shrink slightly after washing. Tie the loops sewn on the cage top to the frames to hang the cage properly if necessary.

CLEANING HAND WASH: Submerge and soak the cage for 20-30 minutes in the mix of detergent and water, agitate the cage gently, and then rinse the cage to remove the detergent. MACHINE WASH: Use the side-loading laundry machine set on a washing cycle of low agitation and low-speed spin. **CAUTION**: Wash cage body only. Wash at room temperature. Use laundry bag when machine wash. Recommend applying neutral detergents. Apply bleach or stain remover with care, as those chemicals weaken the cage fabric. Dry the cage in the shade.
